Perk-Crete Project Examples

Perk-Crete Driveway and Pathways Bordering Sensitive National Parks
Wetlands Wellfleet, MA

Owner Requirements:

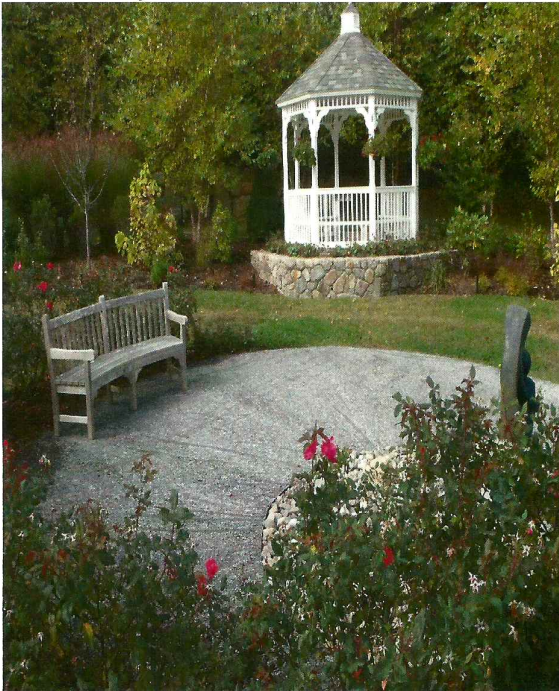

- "elegance and charm"
- excellent traction
- and most importantly, the ability to intercept, contain, filter and purify captured storm water

The pervious concrete mix design delivered by Cape Cod Ready Mix represents years of product development and testing. Engineered performance attributes include:

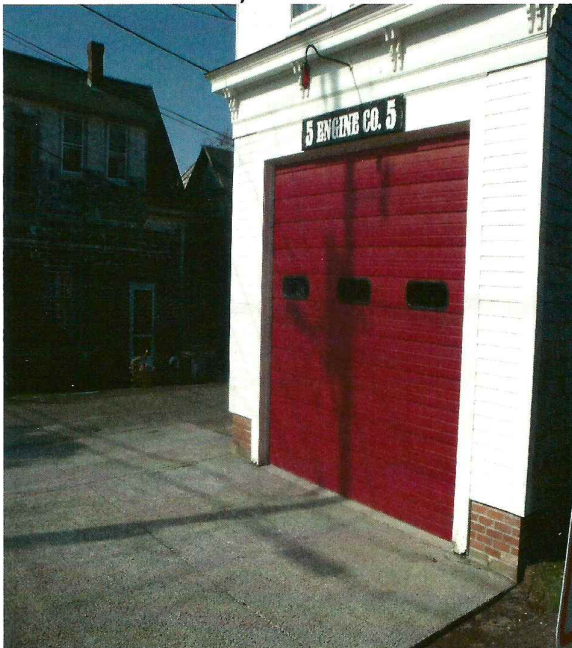

- duty cycle measured in decades
- freeze / thaw protection
- high impact resistance for plow blade protection

Perk-Crete Rain Garden Orleans, MA

- Perk-Crete walkway allows water fountain feature in center of rain garden to function without ponding

Perk-Crete Fire Station Driveway Provincetown, MA

- high drainage for truck wash-down area keeps water on site
- filter bed beneath pervious slab cleans wash water

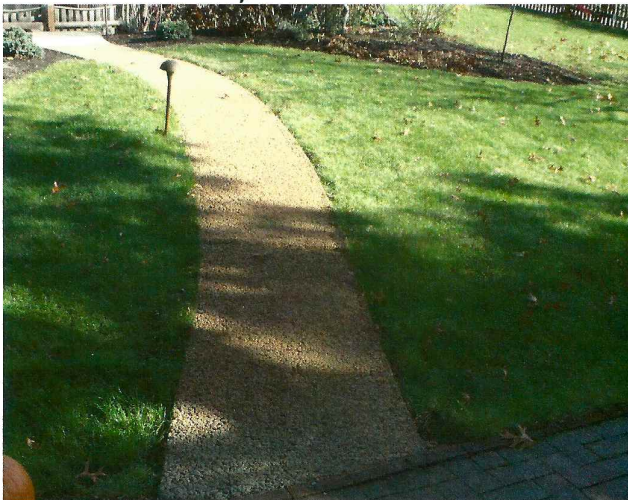

Perk-Crete is available throughout the Cape Cod Ready Mix service areas of Plymouth, Bristol and Barnstable Counties! Call 508-255-4600 and visit us on the web at www.capecodreadymix.com

Perk-Crete Driveway Provincetown, MA

- Perk-Crete pervious parking area for residents eliminates ponding and keeps storm water on-site

Perk-Crete Walkway Provincetown, MA

- Perk-Crete walkway eliminates ponding and creates a "puddle-free" path during irrigation and precipitation events

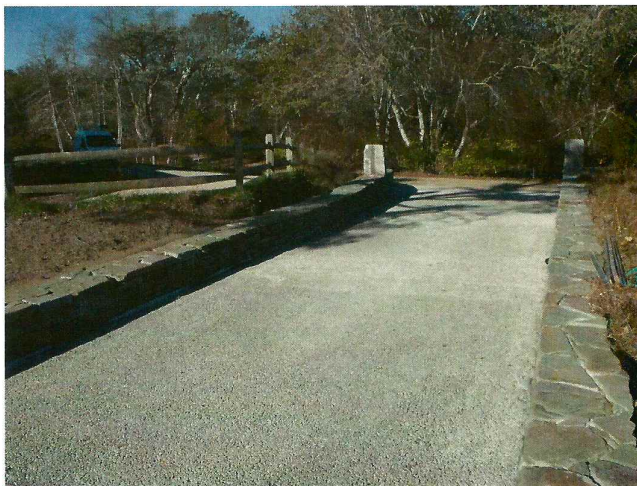

Perk-Crete Driveway Chatham, MA

Perk-Crete selected as a pervious driveway material to protect wetlands surrounding this project site.

Storm water is captured, filtered and cleaned the way nature intended!

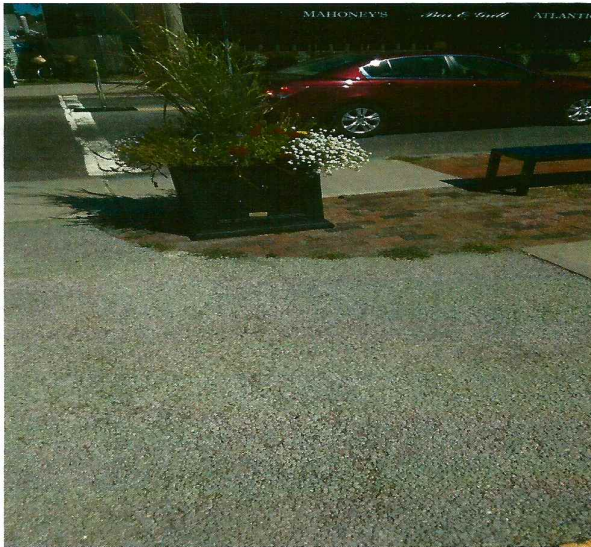

Benefits include:

- Plow-ready surface that withstands abrasion and Traffic
- Smooth, pet and toddler friendly surface that is unachievable with other pervious systems

Perk-Crete is available throughout the Cape Cod Ready Mix service areas of Plymouth, Bristol and Barnstable Counties! Call 508-255-4600 and visit us on the web at www.capecodreadymix.com

Perk-Crete Downtown Pedestrian Walkway Orleans, MA

Perk-Crete pavement in downtown Orleans handles pedestrian traffic and intercepts surface water during storm events to provide needed drainage

Perk-Crete Pool Deck Dennis, MA

Perk-Crete isolation ring around community pool area works as a decorative intercept that captures runoff from pool use and deck cleaning operations.
